

**As-Needed Bridge Design Services**

**Requisition # 2077**

**Q&A # 1**

**10/24/2016**

**(Q)** The RFP notes that up to 4 consultants will be selected with contracts up to \$250,000 each. Since the max consultant contract value would be \$250k, shouldn't the proposal be listed as a Tier II instead of Tier III, which it is currently marked?

**(A)** MDOT looks at the overall cost of the contract and therefore Tier III was selected.
